**Subject:** Re: Question on item from Region 8's report last week

I checked into this, and the meeting tomorrow is a standing meeting of the Pavillion "workgroup." These meetings are held once every two months. The workgroup consists of representatives from EPA, the State DEQ, the Tribes, the community and Encana. It is not publicly announced, but it is not closed to the public. Attending for Region 8 will be our Pavillion investigation Team Leader and the Assistant RA for Ecosystem Protection and Remediation.

Information on this meeting was not included with the input I received from the Region 8 senior managers last week. I will alert our Pavillion Team of the need to report any meetings of this type in the future so that they may be submitted.

Sorry for the inconvenience.

Not really a question.

Not sure how long Region 8 was planning the Pavillion public meeting, but it wasn't on the cabinet report last week. So I just wanted to touch base with you to see if you needed more guidance on what types of items to have in the cabinet report. I think folks have the information that they need now, but wasn't sure if it made sense for us to chat.

**Subject:** Question on item from Region 8's report last week

Hi, Denise -- I understand from Whitney Trulove-Cranor that you had called about an item from last week's report.

I was out last Thursday and Friday, but please let me know if you still need any information from Region 8.

Many thanks!
